

Safety tips when using an electric scooter or manual wheelchair at Paignton Zoo.

We wish for you to experience a great day out with ease; therefore for both your safety and the safety of others please remain mindful of the following:

- Paignton Zoo is located in the heart of a Devon valley, due to this there are some steep inclines, as indicated in the map overleaf
- Please be aware of your speed when going up and down these inclines, **your speed should be kept to a minimum when exploring the park**, especially when going downhill or reversing
- As indicated there are some paths with slightly more rough terrain than others, again please keep speed to a minimum and remain aware of your surroundings
- Be aware of both young children and free-roaming peacocks around the park when using an electric scooter

We hope you have a fantastic and safe visit today, if you have any further questions regarding the points above please visit the Information Desk and a team member will be happy to help.
